

Yarmouth Aging in Place

February 1, 2016

Return your completed survey to be entered into a drawing for two \$50 Hannaford Gift Cards!! See entry form below.

Welcome to the Community Survey for Yarmouth's Aging in Place Project. We are very interested in the opinions of all our residents as we move forward to make Yarmouth a more Age Friendly Community. The Focus Groups we held last fall gave us valuable information about the kinds of programs needed to support people who wish to remain in their home/community as they age.

This survey (being mailed to all Yarmouth residents) is your opportunity to help us set the priorities for this project. We constructed the survey based on the themes we heard from more than 150 residents who attended the Focus Groups. Your answers will help us create a plan for Yarmouth.

Please return your survey in the enclosed envelope by February 19. To save costs, we are asking that you add your own stamp or drop the envelope in one of the convenient locations around town. These are **Town Hall, the Library, Yarmouth Community Services, the History Center, Chamber of Commerce, Bartlett Circle Community Building, Yarmouth Falls Community Room, Sacred Heart Church on Sundays, and First Parish Church Office.**

Once the results are tabulated we will report to the Town Council. The Aging in Place Committee invites all interested residents to participate in the creation of a plan to make our priorities a reality. Help us make Yarmouth a more Age Friendly Community.
